

We have a responsibility to provide our students with safety and security. The buses only have room for 48 students per bus and that puts a physical limit on bus riders that cannot be avoided. Last year the buses were substantially overcrowded so adjustments had to be made.

Please understand that Manara Academy provides bus transportation to as many students as physically possible.

The roster is calculated by the priorities listed below:

1st Priority. Students that rode last year "and" filled out a bus application.

2nd Priority. Students that rode last year but did not fill out an application.

3rd Priority. Students that didn't ride last year but filled out an application.

Most buses filled up with 1st priority students. Some students that are list as 1st priority still did not get a seat this year.

If your student did not get an assigned seat on a bus this school year, please make sure you have a bus application form on file. This will put you on a waiting list.

Thank you,
